I'm trying to file my return but the Period Covered isn't available

There are a couple of possible reasons that period you wish to file isn't showing up.

1. You may have selected the wrong filing year. Be sure to select the appropriate filing year for the return. (i.e. 4Q returns should be filed in the year 2021, even if the current calendar year is 2022)

2. The sales tax office already has a return on file for this filing period. If you believe that is in error, please contact the sales tax office between 8am and 4:30 pm, Mon-Fri at 907-586-5215 ext. 4901 or sales.tax.office@juneau.org

I keep getting a “Please enter a value” error.

There are two required fields on the sales tax return and both must have a number entered to be able to continue to the next screen. Those fields are: “Gross Sales” and “\$30 Optional Discount”. If you do not wish to take the discount, or are not eligible for one, you can put a zero in that box.

[\(Return to the Top\)](#)

I didn’t have any business activity in during the filing period. How do I report that online?

Follow the instruction to file a return. In the both the gross sales box and the timely discount box, put zero. Then continue through the process to submit your return.

My sales tax amount due is a negative number. What should I do?

Your sales tax amount due should NEVER be a negative number. If you haven’t submitted your return yet, please go back to the first entry page and review your reported sales tax numbers. Here are some items to review:

- Is your gross sales amount on line one equal to, or greater than, the total exemptions listed on line three?
- Have you entered any exemptions as negative numbers?
 - Sales tax exemptions cannot be a negative amount. If you need to correct a prior filing, see the [instructions for filing an amended return](#).
- Did you claim an exemption when you shouldn’t have?
 - Sometimes merchants are confused by the Resale of Goods and Resale of Services exemption line. These line are not meant for reporting your sales of goods or services, that should all be included in your Gross Sales on line one. All the amounts listed in lines 2A-2G5 should be sales that were **exempt from tax**.
- Still having problems? Contact the sales tax office before submitting your return between 8am and 4:30 pm, Mon-Fri at 907-586-5215 ext. 4901 or sales.tax.office@juneau.org

[\(Return to the Top\)](#)

I’m not sure what exemption codes to use. Where can I find that information?

You can find a list of our exemption codes here: [Link to Exemption Codes](#)

If you need more detailed information about a specific exemption, check out our [Sales Tax Guidelines](#) or contact the sales tax office between 8am and 4:30 pm, Mon-Fri at 907-586-5215 ext. 4901 or sales.tax.office@juneau.org

I can’t get the optional discount to work/the optional discount is greyed out.

Because the discount is optional, you have to opt into taking it by entering the discount amount on your sales tax return. Enter your discount amount on line six (6) of the sales tax return on the data entry page (before selecting continue.)

If you are on the page where all the boxes are greyed out, then you have gone one page too far. Please select “Previous” on the bottom of the page and then enter the discount amount on line six (6) before clicking continue.

3. TOTAL EXEMPT SALES	\$0.00
4. NET TAXABLE SALES	\$1,000.00
5. SALES TAX	\$50.00
6. OPTIONAL DISCOUNT	

If you see this, go back one step and enter discount here

3. TOTAL EXEMPT SALES	
4. NET TAXABLE SALES	1,000.00
5. SALES TAX	50.00
6. OPTIONAL DISCOUNT
